LETTER TO THE CHIEF DRAFTSMAN

Commissioner for Patents  
Washington, D.C. 20231

Sir:

Applicants submit herewith revised FIGS. 1 and 1A to correct errors in the drawing. Specifically, both figures have been revised to (i) more clearly identify with numerals 110 and 120 the different alternating layers on the different sides of the figures as requested by the Examiner; (ii) remove redundant labeling of element 110 on both figures; and (iii) label the etch resistant layer 130 on the left side of both figures.

No new matter has been added. Approval of the revised figures is respectfully requested.

Respectfully submitted,

*James R. Duzan*
